RENEE CIPRIANO, DIRECTOR

217/782-6762

DEC 04 2001

LandChek, Inc.
Mr. Jerry Kellgren
715 West Main Street
Batavia, IL 60510

Dear Mr. Kellgren:

I would like to take this opportunity to thank you and Mr. Anderson for demonstrating your O2 Tube Technology to interested Agency project managers on November 28, 2001. Attendance was good and many were impressed by its simplicity of design and low operating costs.

The Illinois Environmental Protection Agency remains committed to protecting human health and the environment by the most effective and efficient means available. Adding oxygen to the soils to enhance bioremediation is a proven technology. Improvement on this technology provide opportunities to remediate sites at a lower cost to the taxpayers of our state.

Thank you again for your demonstration. If you have additional questions, please call me or Dave Myers of my staff at 217-785-7491.

Sincerely,

A handwritten signature in black ink, appearing to read "Douglas W. Clay".

Douglas W. Clay, P.E., Manager
Leaking Underground Storage Tank Section
Division of Remediation Management
Bureau of Land
